It's not going to be like a gimmick or a flash in the pan. The Amazfit GTR 3 is the ultimate fitness tracker that you'll always have with you and will remain your number one companion as the years go by. And that kind of stamina, paired with the wide selection of apps, makes this the watch that's not just for athletes. Easy to use. The Amazfit GTR 3 is one of the easiest to use fitness trackers out there. It has a great user interface and a feature set that's both understandable and accessible to even the first-time user. You don't have to go through an intense tutorial, spend hours reading step by step instructions, or wonder if you're doing it right. Just put it on, tap a button or two, and go. You're good to go. If you're having trouble, the user manual is a great place to start. Fast Wi-Fi. If you're going to keep up with your goals, you're going to need to know exactly how far you've traveled in real time. With that in mind, the Amazfit GTR 3 has fast Wi-Fi built in, so you can transfer your data to your fitness
